Brown rushed out and separated them as soon as possible. During the scrap two large windows in the saloon were broken.

Gas Life Buys For Boats.

Some of Chicago's passenger steamers are to be supplied with gas life buoys to rescue those who fall overboard at night, says the Chicago Tribune. The buoy, above which will burn a brilliant gas jet for a considerable time, is lighted as soon as it strikes the water. Extended tests of the buoys made by officials of the Goodrich line have proved satisfactory. Sailors and passengers falling from steamers in the nighttime, although in many cases able swimmers, have almost always perished through inability to find life preservers cast overboard for their use.
